

HotmixPRO SMOKE

*the first smoker
of its kind!*

The HotmixPRO Smoke is a professional cold smoker able to run the smoke through liquids and it's compatible with every model of the HotmixPRO range.

COMPATIBLE WITH ALL HMP DEVICES

Through a simple connection available with each unit the HotmixPRO Smoke connects to any HotmixPRO device easily, providing room for creativity and experimentation.

ENRICH FOOD

Add flavours to the liquid and ice to infuse foods with beautiful and intriguing aromas.

CREATE A HOT SMOKER

Easily connect to the HotmixPRO Dry to create a hot smoker with perfect temperature control.

**A unique
fast cold
smoker**

Power supply: 110V-240V
Made in Italy entirely from
